

4th Annual

Global Conference on Energy Efficiency

24 – 25 June 2019

Dublin, Ireland

The International Energy Agency's fourth annual Global Conference on Energy Efficiency will take place in Dublin, Ireland, on Monday 24 and Tuesday 25 June. The Irish Prime Minister, Mr Leo Varadkar, will open the invitation-only event, which will feature Ministers, CEOs and heads of international organisations.

Building on the success of previous events, we expect high-level participants from more than 50 countries. A particular focus of this year's event will be the impact of digitalisation on energy efficiency, and lessons learned from leaders around the world. Additional themes will include finance, business and policy innovations.

Please note the conference takes place in two venues in close proximity in central Dublin:

- Monday, 24 June at Dublin Castle
- Tuesday, 25 June at the Mansion House
